Mr. C. R. Tydings is back from White Springs and says in his case the waters were extremely efficacious.

### FAREWELL TO THE BIG FAIR.

The Doings of a Sudden Storm—It is Vividly Described—Visit to the Insane Asylum, Notes, Etc.

Staff Correspondence Ocala Banner.

BOARD TRAIN, Aug. 22, 1904.

Our last two nights at the fair were greatly marred by rain but the days were very pleasant.

On Friday night about half past 7 o'clock one of the most terrific storms I have ever witnessed broke over the fair. We were sitting on the floor of the Electricity building, just opposite the beautiful Festival hall, the Cascades, Gardens and Grand Basin. The storm was awful in its magnificence. People were huddled together in groups like sheep and many were terribly frightened.

Almost without warning the storm broke, the rain descended in great sheets, the lightning was something terrifying and the thunder rolled incessantly. The play of the lightning around the Cascade, etc., was a sight that only an artist could portray and a poet fitly describe. Its vividness and grandeur will long remain in our memories.

In the Festival hall, where there was to have been a band concert, the building was shaken, window panes crashed to the floor, and a panic was imminent when Hon. George W. Wilson arose and requested the audience to remain quiet and there would be no danger. Some one on the other side of the hall followed Mr. Wilson's example and soon quiet was restored but of course there was no concert that night.

The water on the Pike, in a very few minutes, owing to the inability of the guards to find the drain pipe, attained the depth of about four feet and a boat was rowed straight down the Pike without any difficulty. This discomfort, however, was only for a short while for as soon as the drain pipe could be reached the water was drained off in a very few minutes.

The rain cooled the turgid atmosphere and made sleep possible, delightful and refreshing, and after it was all over, notwithstanding the vivid play of the lightning and the deafening peal of the thunder, I could not help recalling Longfellow's lines:

"How beautiful is the rain  
After the dust and heat  
In the broad and narrow street  
In the narrow lane,  
How beautiful is the rain!"

Friday morning instead of going out to the fair a party of us went into town to see something of the city. After visiting some of the stores we went out to the city insane asylum, passing several beautiful parks on the way. There are about nine hundred patients in the asylum and it is quite pitiful. However, these unfortunates are excellently cared for. The grounds surrounding the immense buildings are very extensive and beautiful and the patients roam through them at will. Of course there are quite a number of more dangerous patients, who are kept securely guarded.

This visit was quite an interesting one for us.

Our last day at the fair we spent visiting several of the larger buildings that we had not already seen and in the evening we bade farewell to the wonderful Pike.

#### NOTES.

Miss Rebecca Boswell, who has been spending the week at the fair, left Saturday night for her home at Lakeland.

Messrs. Chas. H. Lloyd, Ernest J. Crook, Stephen Jewett and Will E. Finch will remain at the fair for several days longer.

Misses Edith Pye, Lulu Bird and Sara E. Harris, the three assistant commissioners, started to-day for their respective homes.

SARA ELIZABETH HARRIS.

Mr. L. B. Sanders, one of the enterprising citizens of Brooksville, the town where big men grow spontaneously, was a visitor to Ocala Tuesday.

### OCALA WINS AT PALATKA.

The Boys Want to tell the Good News—They Win in a Walk.

Ocala has every reason to be proud of her ball boys this season. They have won laurels at home and abroad and may exclaim with Caesar: "Veni, Vidi, Vici!"

The following telegrams tell the story:

To the Editor of the Ocala Banner:

Palatka, Aug. 24, 1904.

Won game nine to three in favor of Ocala.

A. FRANK.

To the Editor of the Ocala Banner.

Palatka, Aug. 24, 1904.

Nine to three favor Ocala. "Oh, what a cinch."

PEYSER.

G. B. Burhans Testifies After Four Years. G. B. Burhans, of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to any suffering from kidney or bladder trouble." Sold by Post Office drug Store.

Frank Milburn, architect, Columbia, S. C., makes a specialty of drawing plans and building court houses and state houses and the beautiful work of his hands is seen at Tallahassee and Lake City in Florida and in every southern state. Before building a new court house here or enlarging the old one it might be well for the county commissioners of this county to put themselves in communication with this famous architect.

Mr. R. A. Burford, who attended the marriage of his niece, Miss Agnes Burford, at Troy, Alabama, and afterwards extended his visit to the mammoth cave in Kentucky and the World's Fair at St. Louis, has returned and is satisfied to be back again. He says the thermometer at St. Louis registered 92° in the shade. But that is not so hot. We remember when we visited the Centennial in Philadelphia in 1876 it registered 104°.

Dr. and Mrs. W. H. Russell and Master Russell, of Connor; Mr. and Mrs. Clarence Priest, of Kendrick, and Mr. Will Counts, of Grahamville, left Tuesday overland for Salt Springs, where they will spend a couple of weeks camping, hunting and enjoying the medicinal effects of the wonderful waters of these springs.

A BOY WANTED.—Must be bright and industrious. A country lad preferred. Boys from twelve to fifteen years old may apply. The right boy will be employed indefinitely. At least three years service expected. No cigarettes or tobacco allowed. An educational occupation. Apply any time before Sept. 4, 1904. Ocala Printing Co., Geo. L. Taylor, Mgr., Ft. King Block, Ocala, Fla. 7 29 2t

Mr. Lon K. Edwards, manager of the Irvine Crate and Basket Company, was in Ocala Tuesday on business connected with his mill. The mill is in full operation and the prospects for big orders for crates and baskets for the next vegetable crop are in every way encouraging.

Mrs. Mamie Howse Stovall, Miss Minnie Stovall, Master Wallace Stovall, and Mrs. Frances A. Howse leave to-day for Hot Springs. Before her return Mrs. Stovall will extend her trip to San Francisco and for some time may make her home in some western city.

The Carmichael Son Co. is beginning the erection of a building between the passenger and freight depots and very near the railroad tracks at the S. A. L. railway which will be used for an eating house. It will be extremely convenient for the passengers.

#### Will Work on the Hard Roads.

About six months ago Officer R. B. Whittan arrested a negro named McKnight for being disorderly. On the way to the calaboose the negro assaulted the officer and during the fight Officer Whittan was bit through the hand. The negro made his escape before the officer could use his club or pistol upon him with any effect. Officers all over the state were notified to watch out for him and Friday he showed up at Ocala and was immediately taken into custody by the authorities there. Sheriff Vick was notified of the capture and went to Ocala Saturday and brought him back to this city. He is now locked up in the county jail and will have to answer to the charge of assaulting and resisting an officer. He will probably be given a chance to shovel dirt on the county road.—Orlando Star.

#### End of Bitter Fight.

"Two physicians had a long and stubborn fight with an abcess on my right lung" writes S. F. Hughes of DuPont Ga., "and gave me up. Everybody thought my time had come. As a last resort I tried Dr. King's New Discovery for Consumption. The benefit I received was striking and I was on my feet in a few days. Now I've entirely regained my health." It conquers all Coughs, Colds and Throat and Lung troubles. Guaranteed by Tydings & Co. Only 50c, and \$1.00. Trial bottles free.

#### Labor Day.

Arrangements are being made to celebrate labor day in Ocala. The mayor will be requested to issue a proclamation declaring it a legal holiday.

A parade, a ball game, speeches, music and a dance will form a part of the features of the program for the day and night.

#### Cholera Infantum.

This disease has lost its terrors since Chamberlain's Colic, Cholera and Diarrhoea Remedy came into general use. The uniform success which attends the use of this remedy in all cases of bowels complaints in children has made it a favorite wherever its value has become known. For sale by Anti-Monopoly Drug Store.

#### Off for St. Petersburg

From Tuesday's Daily.

The big excursion from Valdosta to St. Petersburg and intermediate points passed through Ocala yesterday. The regular was followed closely by a special. Five cars were taken on here, and before reaching their destination every seat is expected to be crowded. A good many people are in St. Petersburg to-day.

#### Place for Sale.

At Reddick, Fla., quarter mile from depot, 23 acres well improved; good variety of fruit; peaches, plums, pears, persimmons, pecans, mulberries, figs, apple and so on, about one hundred orange and grapefruit. Will sell crop and all if desired. Cause of selling am not able to keep it up.

W. M. SHEROUSE.

#### Mr. Allred Better.

A letter from States Attorney Neil Allred, who is in North Carolina, states that his throat has been operated on and is now very much better. He will be able to return home by the first of December.

#### The Death Penalty.

A little thing sometimes results in death. Thus a mere scratch, insignificant cuts or puny boils have paid the death penalty. It is wise to have Bucklin's Arnica Salve ever handy. It's the best salve on earth and will prevent fatality, when Burns, Sores, Ulcers and Piles threaten. Only 25c, at Tydings & Co. Drug Store.

## DANGER COMING

Signs that Point to Bright's Disease or other Fatal Forms of Kidney Trouble.

There are thousands of persons who are unconsciously in danger of the fate that has lately befallen so many of our most prominent men and women who have died from kidney trouble. These diseases are alarmingly on the increase, and they come on so insidiously that few realize their condition till life is actually in danger.

In the early stages of kidney disease there may be headache, backache, unnatural appetite, bad taste in the mouth, dry or furred tongue, thirst, dry skin or strong perspiration, sediment in the urine, or unnatural feelings in various parts of the body. Don't expect all these signs to show themselves. As soon as you notice any of them, commence at once the use of FOLEY'S KIDNEY CURE.

THOMAS MAPLE, Birbeck, Ill., writes: "I had a very bad case of kidney trouble and my back pained me so I could not straighten up. The doctor's treatment did me no good. I saw FOLEY'S KIDNEY CURE advertised and took one bottle which cured me and I have not been affected since. I gladly recommend this remedy."

It is a simple thing to make your kidneys right when they are not badly affected; but it is not so easy after destruction has set in. FOLEY'S KIDNEY CURE will cure every form of kidney and bladder trouble if taken early and it will give relief even in the most hopeless cases. It is an honest preparation and will do all that is claimed for it.
